August 6, 2014

Dear Sir/Madam,

This letter confirms that Ms. Elizabeth Linde served in Kenya as a Deaf Education Peace Corps Volunteer from December 2012 to July 2014. During her service at Sipili Primary School for the Deaf, Ms. Linde worked with her school administration and community to initiate a School Bus Purchase Project. The bus will allow the school to attend national education activities such as sports and field trips and will also provide transportation to students to and from the remote village of Sipili. Unfortunately Ms. Linde’s Peace Corps service ended earlier than the official close out date due to security concerns in Kenya. She therefore did not complete this viable project despite having put so much effort and time in to it.

Ms. Linde is determined to bring this project to completion with the support of friends and relatives. Any assistance given to her will go a long way in helping Elizabeth realize her dream for her school and bring much hope to these needy deaf children.

Thank you.

Yours Sincerely,

Philip Rudy
Director, Programming and Training.
